Alpine Vernatsch week

17.05.-28.05.

"The best wines in this world are for me boring. I drink wine only when I can also experience the location, the variety and the people who made it. For me it is that 'simple'."

Ulrich Ladurner, owner of vigilius and co-founder of the South Tyrolean Vernatsch Cup

The Vernatsch Cup takes place for the 14th time already and this year, for the first time, the event is followed by the 'Vernatsch week', which is placed under the theme alpine.

Feel inspired by animating moments and superb wine.

We are looking forward!
